

## 658 Medium Voltage Cable

<b>Conductor:</b>	Stranded tinned annealed stranded copper
<b>Core Identification:</b>	Numbered tape
<b>Tape:</b>	copper tape screen
<b>Insulation:</b>	EPR (Ethylene Propylene Rubber)
<b>Sheath/Jacket:</b>	Heat-resistant, oil-resistant and flame-retardant elastomeric compound type SW4
<b>Bedding:</b>	Heat-resistant, oil-resistant and flame-retardant elastomeric compound type SW4
<b>Armour:</b>	GSWB (Galvanized steel wire braid)
<b>Voltage:</b>	6.35/11KV
<b>Standards:</b>	BS6883: shipboard cable IEC60332-3-24 Flame Retardant

No of cores	Size sq.mm	Thickness of insulation mm	Thickness of inner sheath mm	Diam of braid wire mm	Thickness of outer sheath mm	Nominal overall diam mm	Weight kg/km	Max conductor resistance ohm/km	BATT part no
