

Track Cable

Application:	Track cable for d.c electrified lines to Network Rail
Conductor:	Tinned annealed flexible copper
Sheath:	CSP (Chlorosulphonated polyethylene) more commonly known as HOFR (Heat, oil resistant & flame retardant)
Sheath colour:	Black
Operating temperature:	Maximum 85°C, Minimum bending -20°C
Voltage:	750V
Standards:	Network Rail Track Cable to NR/PS/ELP/21101 BS6899
